

Wheat will be cut next week; the crop is reported over an average.

Mr. Willis, who got hurt on the train Tuesday, last, is still confined to his room.

The communication from our Memphis correspondent came too late for this week's issue, it will appear in our next.

We regret to learn the wife of Mr. A. Kennedy, Sr., is quite ill at her home on Little River.

We are pleased to see W. C. Chumlea, Circuit Court Clerk, on the streets again. The Esq., is about well again.

Nursing mother gain strength by using Brown's Iron Bitters. It acts like a charm in restoring to health and strength overstrained nature.

The Tennessee Lumber Co., are erecting an extensive building at Rockford; they have two engines on the ground now. Success to the enterprise.

We regret to learn Mr. Henry Sterling, a clever gentleman, who lives 5 miles west of town, has been quite sick this week, but was supposed to be better when last heard from.

While in Knoxville this week, we dropped in at Mr. A. Kennedy's store on Market Square, and was pleased to see his business has improved. Mr. K., is a Blount county man; we advise our county people to call on him when in the city; we guarantee he will give good bargains.

We hope to present our readers with our enlarged paper next week. Having to reset all our standing matter, it requires considerable time. Those who have not yet renewed, whose time have expired, will favor us with a renewal by the time our next paper is issued, as we will not continue the paper unless it is ordered after the time expires.

Died,

An infant of Gilbert Porter, on the 1st inst., aged 14 months.

Fred. H. Fulton, in this place, on Sunday morning, the 28th ult., of consumption, after several months suffering. He was one of the most exemplary young men we ever knew; his death will be mourned by all who knew him.

In calling attention to the card of Dr. CH. C. Thompson, of Knoxville, we do so with pleasure; newspapers frequently make flaming notices of men for their pay; we write this notice gratuitously, having evidence that we are writing it in the interest of suffering humanity. We had the pleasure of the Dr's. company Monday, last, a short time, and have no hesitancy in saying should any of our readers call to see him professionally, they will be benefitted by it.

Paralytic strokes, heart disease, and kidney affections, prevented by the use of Brown's Iron Bitters.

Notice.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

79 Dearborn Ave., Chicago, Nov. 7. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red line and trade-mark on wrapper.

Sunday-School Convention. The 7th Dist. Sunday-school convention met at Carpenter's Campground, May 18th, 1882, at 9 o'clock, and was called to order by A. J. Best, V. P. Prayer by S. C. Hilton, Esq., and music by the choir.

The address of welcome was delivered by J. O. Brown, Mr. H. Blevens gave the response.

The committee on Permanent Organization made the following report which was adopted:—A. J. Best, for President, and J. O. Brown, for Secretary.

Music by the choir.

The first topic for discussion. What is the greatest draw-back to the S. S. was opened by John McConnell who said that the church was the great draw-back—the members were too careless or too lazy to go to the Sunday-school, they spent too much time in looking after worldly matters. Mr. Elisha Carpenter said that the irregularity of teachers and superintendents was a great draw-back and that they do not give the school, or classes, the amount of encouragement necessary, and that parents practiced driving their children to school when they children to school when they should lead them. Mr. S. C. Hilton, Esq., said our hearts were not enough in the work, and referred, in a very impressive manner, to Christ's commission to his disciples—to go into all the world and teach. J. H. Murphy said we did not show the love and sympathy we should for the children in and out of school. Joseph Kegley said that Sunday visiting was a great trouble to the Sunday school. Several other valuable remarks were made by fluent speakers, after which, the choir gave us some music.

The second topic was opened by Rev. J. C. Connor, How can we live up a dull and lifeless school? He said that a choir of good music was the very life of a Sunday-school. Several other addresses were made by good Sunday-school workers.

Music by the choir.

At 12 m., o'clock the convention adjourned for dinner and recreation, at which time the ladies had a grand repast was prepared for the delegates and visiting friends.

At one o'clock the convention re-assembled.

Music by the choir.

The discussion of the third topic How can we obtain a thorough study of the lesson at home? which was discussed with the utmost scrutiny.

Music by the choir.

Many other questions of importance were ably discussed. The attendance was good, order excellent, singing splendid, attention respectful and the occasion a success.

The friends of the Sunday-school have left an impression that will last for years to come.

A. J. Best, President.

J. Brown, Secretary.
